

CONNECTORS

Model Number: **MEIC01**
 Product Name: **Male IEC connector C14**

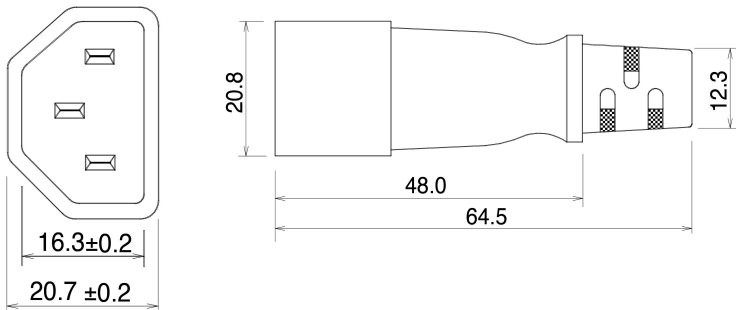

GROUNDING

This product is manufactured for the IT industry where a 10amp connection is required, ie. computers, server boxes or UPS's

PRODUCT SPECIFICATIONS

SANS 60320, SANS 60799, SANS 60227-5, SANS 60884-1, SANS 1411

MAX AMP RATING	10A
VOLTAGE	250V
APPROVALS	DEKRA, VDE, FI, CE BEC
CABLE	H05VV-F 3G0, 75 - 1mm ²

Model Name: **IC01**
 Product Name: **Female IEC connector C13**

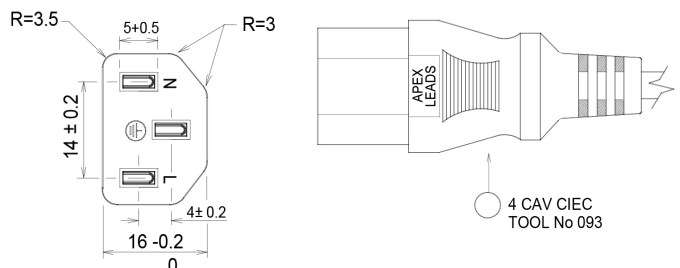

GROUNDING

This product is manufactured for the IT industry where a 10amp connection is required, ie. computers, server boxes or UPS's

PRODUCT SPECIFICATIONS

SANS 60320, SANS 1574, SANS 60227-5, SANS 60799
 SANS 60884-1, SANS 1411

MAX AMP RATING	10A
VOLTAGE	250V
APPROVALS	DEKRA
CABLE	H05VV-F 3G0, 75 - 1mm ²

CONNECTORS

Model Name: **MCL01**
Product Name: **Female Clover connector C5**

GROUNDING

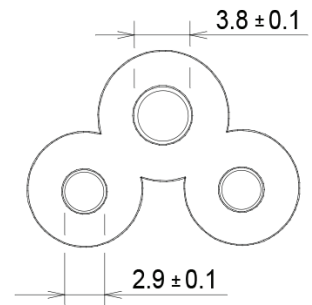

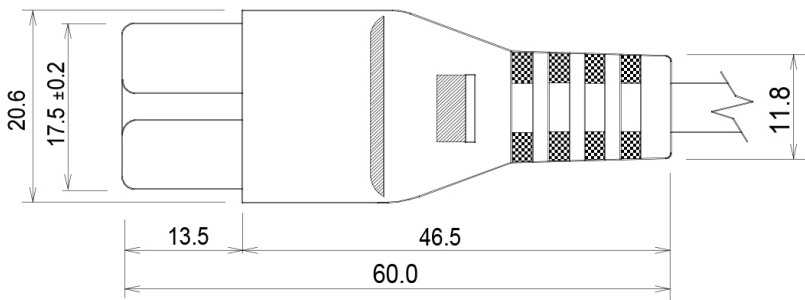

This product is manufactured for the IT industry where a 2.5amp connection is required, ie. charging units for laptop.

PRODUCT SPECIFICATIONS

SANS 60320, SANS 1574, SANS 60799
SANS 60884-1, SANS 1411

MAX AMP RATING	2,5Amp connector
VOLTAGE	250V
APPROVALS	VDE, DEKRA, FI, CEBEC
CABLE	H05VV-F 3G0, 75 - 1mm ²

CONNECTORS

Model Number: **IC01**

Product Name: **Female Hot IEC connector C15**

GROUNDING

The Hot IEC Female connector is used to power "Hot" appliances. eg. Electric kettles. The connector is made of Polybutylene Terephthalate (PBT) and flame resistant with 30% glass fibre which can handle high heat, the power supply and appliance generates. The dedicated slot underneath the connector is designed that no normal IEC power connector can be used on the appliance.

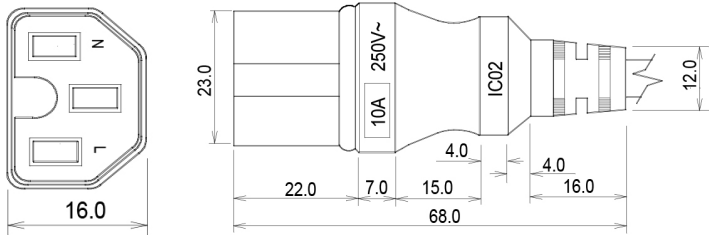

PRODUCT SPECIFICATIONS

SANS 60320-1:2008

MAX AMP RATING 10A

VOLTAGE 250V

CABLE H05VV-F 3G0, 75 - 1mm²
